Hunters Return Have Successful Trip

After an absence of five weeks in the Iskut river country, the hunting party of Counts Hoyos and Weleske, of Vienna, with Charles Olson as guide, returned to Wrangell last Saturday. The party reports a very successful trip, having seen in all forty-two bear and securing eight. The bear brought in were four black, one brown, and three grizzlies.

One of the grizzlies is thought to be the largest ever brought out of the country. The skin when laid out flat measured eleven feet. There were four in the party and when removing the hide the meat had to be cut away, for their united efforts failed to roll the carcass over. The bear was an old veteran for its teeth were nearly all worn away. The Counts have hunted African lions but they say they never saw a lion as large as their Alaska grizzly.

The Counts left Sunday morning

for Seattle and will go direct to Austria for their duties call them there but they are determined to return in two years to the Iskut country for another hunt.

Broken Into

Several houses in Wrangell have been entered the past week and in some instances minor thefts are reported. In two instances the houses probably were entered during the daytime as their owners, Ole Johnson and Lewie Paul, were home nights but away at their work during the day. At Paul's house the back door was forced and a trunk containing personal effects broken open. The house of Billie Hooker, who has been away up river, had been entered and an alarm clock, mirror and some silk handkerchiefs were missing and other effects were considerably mussed up and scattered about.

The authorities are watching closely for clues but no arrests have been made although several are expected.

Wrangell to Celebrate

At a meeting of the citizens Tuesday evening, the question of a 4th of July celebration was settled.

Mr. McCormack was elected to the chair. After a general discussion as to the feeling toward a celebration it was decided that a celebration is the wish of the people and on a motion authorizing the chair to appoint a committee of three on general arrangements Mr. McCormack appointed J. G. Grant, J. Wheeler and F. Matheson. The committee appointed has full charge of the affair and will appoint sub-committees.

After the very successful celebration last year, it is believed that by having the same general committee and sub-committees, as far as possible, the success of 1910 can be duplicated or surpassed this year.

Programs will be arranged as soon as possible and the contestants can have some time for preparation, which will make more interesting contests.

Whether you are appointed an a committee or not, let a little of the "spirit of '76" trickle through your system and make the 1911 demonstration of patriotism, "the best ever".

Entertainment Grand Success

All those who were present at the closing exercises of the Wrangell Public School could not have failed to go away without having been impressed with the excellent training that the children of Wrangell have been given the past year. Everyone knows that the training of children is a delicate process and the results of the work of Mrs. Burke and Miss Pritchett declare them deserving of all praise.

The entertainment itself was worth the work of many months. Every number was thoughtfully selected as best to suit the pupil and each pupil worked his part up to the excellent degree. The vocal selections and piano accompaniment, the readings and addresses were excellent and made one forget the comparatively small size of the town and think of professional production of some of the popular shows.

The entertainment was a success financially and the proceeds will be used to buy reference books for the school library.

As the School Board have secured the services of Mrs. Burke and Miss Pritchett for the coming school year, much improvement is expected in all of the work.

The dance given after the entertainment was voted "the best yet". With Mr. Collins as floor manager everything went very smooth and with Mrs. Collins at the piano and the Filipino band the music could not have been better.

Council Doings

The City Council met last Thursday in special session and many of the questions that had been referred to committees were reported upon.

The matter of building a hall on the City's lot on Church St. was favorably considered and a call for bids ordered.

The general trend of feelings toward opening the cross-street between Front St. and Church by Patenaude's is to open the street regardless of whether the full intended thirty feet can be had or not.

The water mains are to be extended to the school building and the extension to accommodate residents on Grief St. and as far as the Presbyterian Church is being considered.

Wedding

Lewis--Carlstrom

A very pretty wedding was solemnized last Sunday evening when Miss Matilda M. Lewis and Mr. Elmer F. Carlstrom were united in holy wedlock by Rev. Corser at the home of the brides parents, Mr. and Mrs. Wm. Lewis.

The bride was tastefully dressed in white bridal net and was given away by her father with Miss Anna Lewis as bridesmaid.

After the ceremony, the guests, twenty-six in number, were invited to a bounteous supper.

Mr. and Mrs. Carlstrom will reside in their Front St. home, which had been prepared for their occupation.

The Sentinel joins with the community in wishing them a long, happy and prosperous married life.

Requests Information

Anxious friends and relatives are desirous of any information as to the present whereabouts of the following:

JOSEPH YOUNG ERIKSEN; left Mink Creek, Oneida county, Idaho, 19 years ago, for Colorado, and not heard from since.

FRANK AUSMUS, of Maysville, Missouri; dark complexion, black hair, dark brown eyes, five feet six inches in height; last heard of 13 years ago in letter from Kotzebue Sound, Alaska, when he was with a whaling company. If living is 51 years of age.

A. B. AUSTIN, at one time at Rampart, Alaska, where he claimed to own mining property. Was in Seattle about three years ago, and is supposed to have returned to Rampart. I well advanced in years.

CHARLIE BURNS, native of St. Louis, Missouri, 45 years of age if now living; red hair, or may be mixed with gray; last heard of in Nevada 7 years ago; at that time he was leaving for Alaska. Sister wishes to locate, to adjust property matters.

Any information relating to these persons should be sent to the Governor's office, Juneau, Alaska.

Correspondence

NOTE--Under this head, the Sentinel will be pleased to publish communications of interest, but none will be accepted unless it has the signature of the writer (which will not be published if so requested) and the editor reserves the right to reject objectionable matter.

Hattie Camp Burns

News was received early this week that Hattie Camp, on Duncan Canal, owned by the Olympic Mining Co. was destroyed by fire.

The origin of the fire is unknown but it is thought to have been set by careless campers.

The camp was to have been opened and operated this summer.

Population By Districts

Washington, D. C., May 30.—An official report issued by the census bureau gives the population of Alaska, by districts, as follows:

First district—15,216.

Second district—12,351.

Third district—20,078.

Fourth district—16,711.

Making a total population of 64,356.

Fire At Old Jail

The old jail, where Geo. Skelton the jailor, lives, caught fire from a spark Saturday morning about ten o'clock. Skelton was fortunate enough to discover the blaze before it had gained much headway and with the assistance of Capt Jinks put the blaze out.

Had the wind been blowing at the time the building could not have been saved.

This fire should be a timely reminder that the dry season is fast approaching and every citizen should use all precaution to prevent any blaze which might easily be disastrous.

States Briefs

Congressman Gordon has declared his intention to visit Alaska this summer if Congress adjourns early enough.

The officials of the United Wireless were denied bail and will remain in jail.

In the naval parade at the coronation of King George, the United States will be represented by the largest ship in the world, the Delaware, Admiral C. H. Vreeland in command.

1.44 inches of rain fell in eleven minutes in Ohio recently.

President Taft will Attend American Mining Congress

Denver, Colo., June 14. (Special Correspondent) President Taft has assured the officials of the American Mining Congress that he will attend the Fourteenth Annual Session of that body, which will be held in Chicago next September.

The program will be so arranged by the Mining Congress as to give Mr. Taft and his Cabinet officials the fullest opportunity to learn of the needs of the mining industry, particularly with regard to those problems wherein government assistance is desired by the mine operators.

Spend the 4th in Wrangell

Summer School

During the summer, Miss Pritchett will conduct a class in Primary and Kindergarten work at the school building.

A class in Painting and Drawing open to all grades will be organized. Lessons will be given twice a week. For prices, see Miss Pritchett.

Troubled with dandruff? It may be light and fluffy and not appear dangerous at the present time but if neglected it will become matted—that will mean loss of hair. Nyal's Hirsutone will prevent it.—Shurick Drug Co.

The J. H. Sisson, of Klawock, the new gas tug of the Klawock Cannery was at our dock the first of the week. She was built at a cost of \$9,500 and deserves the general reputation of being "the finest I have seen."

You know that dandruff means baldness—it keeps collecting, forms layers and robs the hair of nutrition. The first application of Nyal's Hirsutone will loosen up the dandruff and supply nourishment.

Major Carr Coming North

Orders have been issued by the war department ordering Major Daniel J. Carr, signal corps, who recently succeeded Col. Thompson in charge of the Washington-Alaska cable system, at Seattle, to proceed to Alaska July 1, and make inspection of cable and telegraph system from Fort Egbert to Nome, including many offices along Tanana river, and wireless stations in Southeast Alaska.—Dispatch.

Cordova Burning Oil

Cordova is burning Katalla oil for heating purposes. It is used in the Northern hotel by Ed. L. Whittemore with every success. The oil is about 40 per cent gasoline and furnishes a great heat. Many other Cordova people are putting in oil burners and ere many days there'll be no coal burned in Cordova. The expense of burning oil is just one-half the expense of coal for fuel, and is much cleaner and safer.—Douglas News.

Nyal's Salve Heals Without a Scar

Can you imagine anything more annoying and embarrassing than to think your burns, cuts, or running sore is healing nicely and then have an unsightly scar?

Take no chances—no matter what the cause of the wound, cut, burn, or running sore, remember that Nyal's Salve always heals by first intention—it will not leave a scar.

NYAL'S SALVE is a powerful antiseptic—it absorbs all scar flesh, nourishes broken down tissue and the result is a firm, healthy, true skin.

Wash with hot water and pure castile soap—apply the salve—change the dressing twice a day and the wound will heal without trace of scar.

Enough for the whole family
